Build a Playground: Moonbase & Rockets

It's a long way to the moon, so grab our Makedo cardboard construction set to build yourself a suitable base! Need a rocket to get there? Build that too! Let your creativity run wild as you use tools to create your ultimate space fort – the only limit is your imagination!

Create a Comic Character

Calling all illustrators! Come and design your very own superhero with professional illustrator Marcelo Baez. If you've ever wanted to draw comics or graphic novels, this one's for you!

Hero Academy: Lightsaber Lessons

Join the Sons of Obi-Wan as they light up their sabers to teach you the ways of the Force! Learn how to swing your lightsaber while practicing mindfulness in this incredible, active, hands-on experience.

Hero Academy: Super Gymnastics

Up, up and away! Begin your training to become a superhero with Wollongong City Gymnastics as they get your entire body up and moving.

No-Sew Super Capes

Ready to up your superhero game to the next level? Time to make your own cape! Upcycle unused clothes to create a perfect cape to bring out your inner hero – no sewing required!

PLEASE NOTE:
ADVANCED BOOKINGS
REQUIRED AS PLACES ARE
LIMITED.
COSTS ARE ADDITIONAL TO
MEMBERSHIP &/OR ENTRY.

FREE ACTIVITIES

CreARTivity! CRAFT

A hero is only as good as their tools! Make and do twice a day, every day at CreARTivity!

Artists in Residence

Every weekday morning of our Superhero Adventure! week will see an experienced illustrator in CreARTivity, helping our visitors to explore their creative side.

Blow Rockets

You're not going to get far into space without a trusty rocket by your side! Design your dream space ship and practice launching it to see how far you can go!

Paper Capes & Masks

Who is that mysterious masked hero...? It could be you! Grab a giant piece of butcher's paper and decorate it to express your superhero alter ego! Learn about shape and size as you modify it to fit yourself perfectly.

Noddly Aliens

Create your own whacky alien friend with a range of unusual materials. Give him two legs, or five, or six, or seventeen as you imagine what alien life could look like!

PUBLIC PROGRAMS

Ice Cube Rescue

A villain has been trapping people in cubes of ice! Find ways to melt, break, and remove the ice to get the people out.

In Space

Which is bigger – the sun or the moon? Why do we have days, seasons, and years? Explore the solar system to see just how massive the things in the sky really are, and then get up and move to experience how things spin through space!

Lava Leap

If you think you've got what it takes to save the day, this is the challenge for you! When the floor is lava, do what you can to jump from object to object and explore your body's full range of motion in this challenging obstacle course.

Micro-Explorers

Life on other planets could be completely different to life here on Earth... but Earth life can be pretty weird, too! Take up a microscope and magnifying glass to explore some of the bizarre, tiny life forms that populate our little blue planet.

Rocks, Fossils, Meteorites

What are fossils made of? Where do meteorites come from? Get hands-on with a collection of minerals, fossils and a meteorite that's older than planet Earth to see just how much geology rocks!

Super Strike

Practice your super powers by knocking down some evil villains! Line up your shot, unleash your throwing arm and see how many you knock down at once.

The Great Marketplace Heist

There's been a burglary in the Marketplace! Help the police find all the bags of fruit and veggies that have been hidden around the Discovery Space, and get them back on the shelves of the Marketplace where they belong.

STORY TIME

Books can take you anywhere, so join us in the Book Nook to explore the world, the people who live in it, and beyond in our scheduled adventurous story times!

EARLY START
DISCOVERY SPACE

SEPTEMBER SCHOOL HOLIDAY PROGRAM

ADVENTURE HOLIDAYS

Save the day in a cape and mask or launch off into outer space to explore the stars during School Holidays in Adventure Month at the Discovery Space! Join us in Week 1 for Superhero capes and Week 2 for Space escapades.

Jam-packed with action as we explore the world through gripping art, awesome quests and puzzling experiments. Where will your adventure take you?

Thanks to a generous donation from Lancaster Law & Mediation Create a Comic Character Workshop and daily craft activities are free!
